

# Add Love

"When we love God and love others with a godly love, awesome things can happen."

Godly love makes everything better; it's always the best choice. No matter what we choose to do, if we do it without love, we have done it wrong. Everyone has their own idea of what love looks like, but God's love is the only true love. Worldly love is selfish; godly love is selfless. When we love God and love others with a godly love, awesome things can happen. Believing in Jesus is so important, but we must absolutely make every effort to add love to our faith.

## Family Time Questions
