

# Fallen From Grace

"God's grace (His love, forgiveness, and salvation) is a gift; it cannot be earned."

When most people say that someone has "fallen from grace", they mean that someone who was once well-respected has done something bad and now no one likes them anymore. But that is not how this term is used in Scripture. In God's eyes, to fall from grace does not mean that you have sinned; It's almost the opposite. The Bible says that those who would be justified by the Law have fallen away from grace. God's grace (His love, forgiveness, and salvation) is a gift; it cannot be earned. Jesus died for you, not because you deserve it, but because He loves you. And it is not by our actions, but only through Jesus' sacrifice that we can be saved.
