

Real Wisdom Is Reasonable

"If you're not open to reason,
you're being unwise."

It's important to be careful about what we believe. We should work hard to avoid being wrong. But part of being wise is recognizing that we are not perfect. If you are too sure of yourself and your "rightness", you're not only setting yourself up for disaster, but you're also missing out on a whole lot of what God wants to teach you. If you're not open to reason, you're being unwise. It's not about believing whatever you hear; it's about hearing other viewpoints and recognizing that we don't know everything. Wisdom from above is reasonable.

Family Time Questions

- What does it mean to be open to reason?
- Are we always wrong about everything?
- Why is it important to recognize that we aren't always right?
- Should we just believe whatever other people tell us to believe?

Bible Verses

- James 3:17 - Wisdom from above
- Proverbs 12:15 - Fools think they are always right
- 1 Corinthians 3:18-19 - Careful about thinking you are wise
- James 1:19 - Be quick to listen

Prayer

"Dear God, thank You for Your wisdom. Please help us to be wise and acknowledge the fact that we are not perfect. In Jesus' name, Amen."
